Docket No. 98N-1265 '99 APR 13 10:40  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular,  
I OBJECT to the definition of "inordinate amount" which restricts the availability  
and the right to obtain medically necessary compounded medications by limiting  
the number of prescriptions that can be shipped across state lines from specialized  
compounding pharmacies.

COMMENTS: Seven years ago my daughter was  
born with the help of progesterone - which  
was not easy to obtain. Today I use  
testosterone - also hard to obtain. These are  
legal drugs in the US. They should not  
be restricted.
